

In accordance with the Pennsylvania Plumbing System Lead Ban and Notification Act of July, 1989, I do hereby certify that the plumbing system of the property or building located at:

<b>Address</b>	Street City Zip _____
----------------	-----------------------

which is to be connected to the public water supply of the Borough of Hollidaysburg.

Has been constructed in its entirety of lead-free materials;  
(Date construction completed: \_\_\_\_\_) or,

That all plumbing repairs have been made using lead-free materials only.  
(Date repairs completed: \_\_\_\_\_).

I understand that, as set forth in the Pennsylvania Plumbing System Lead Ban and Notification Act of 1989, materials containing lead, including, but not limited to, all lead pipe, brass fittings containing greater than 8% lead content, solid core and acid core solders containing more than 0.2% lead, and flux containing more than 0.2% lead, are banned from use in all plumbing systems that are to be connected to a water supply. I further certify that none of these banned materials, nor any others which may have not been listed in the preceding but also contain lead, have been used in the construction or repair of plumbing system of this property or building. I also understand that the use of lead-containing materials in the construction or repair of plumbing facilities, or the falsification of this certification is a violation of the Pennsylvania Plumbing System Lead Ban and Notification Act, and that said violation or falsification may result in strict penalties as provided for under State Law.
